Being and Becoming Scientists Today: Reconstructing ...

In Being and Becoming Scientists Today, the authors provide: new tools for thinking about science, ideas for how to reveal the multiple stories of knowledge production to learners, and approaches to teaching science as a collective process rather than a series of contributions made by (famous) individuals. In these ways, the authors promote the idea that all science learners contribute to the

Being and Becoming Scientists Today - Reconstructing ...

The authors contribute to the science education literature with a new approach to teaching and learning by introducing the Being and Becoming Scientists Today Framework, which focuses on learners questions rather than static answers from the scientific canon The authors show how teachers and
