Women Empowerment and Economic Development
Esther Duflo* Women empowerment and economic development are closely related: in one direction, There is a bidirectional relationship between economic development and wom-en 's empowerment defined as improving the ability of women to access the constituents of development in particular health, education, earning opportunities, rights, and political participation. In one direction

Analysis: Is Empowerment of Women a Will-o -the-Wisp ...

In an admirably cogent article, Esther Duflo (2013) evaluates a bi-directional relationship between women 's empowerment and development. Although somewhat overemphatic about the role that development alone can play in driving down gender inequality, she highlights that affirmative action has an important role, too. Amartya Sen, in several influential writings, however, has forcefully argued
