Steampunk - Wikipedia

Steampunk is a subgenre of science fiction or science fantasy that incorporates technology and aesthetic designs inspired by 19th-century industrial steam-powered machinery.

What is Steampunk? The Ministry of Peculiar Occurrences

Quite often, we receive queries at the Ministry of Peculiar Occurrences that extend beyond our usual fare. While we hardly categorize My cat is coughing up hairballs that move and My teenage daughter simply won't listen to her father worthy of our attention, one often asked question does give us pause.

What is Steampunk? | Steampunk.com

This is a good question that is difficult to answer. To me, Steampunk has always been first and foremost a literary genre, or least a subgenre of science fiction and fantasy that includes social or technological aspects of the 19th century (the steam) usually with some deconstruction of, reimagining of, or rebellion against parts of it (the punk).
