[The Education of Immigrant Children | Harvard Graduate ...](#)

Conversations in education today tend to focus on educational testing and accountability. While assessment and accountability are important, it is important to remember that teaching is a relational profession. Without strong socio-emotional supports, students cannot learn. And, without connecting to their students, teachers cannot teach. Children of immigrants in the classroom force educators

[The Harvard Educational Review - HEPG](#)

Understanding issues of immigration is critical to understanding the future of education in the United States. Yet, recent legislation and political events surrounding U.S. immigration often portray immigrants and their children as a national economic crisis and a burgeoning threat to national security.
